Subject: Fundraising events coming soon, and support information

Hello Celia,

It's starting to get chilly in the morning, warning us that Winter is Coming! So get your winter clothes out and some warm wooly socks ready for chilled feet over the coming months. Did anyone's mum or dad ever put their school shoes in the oven to be warmed before school? A lovely childhood memory.

The Rotorua Breast Cancer Trust is working on a couple of fundraisers over the next few months so watch this space and follow us on Facebook as tickets will be limited!

Following last month's email, we have decided to create a separate section in our newsletter tailored to those with breast cancer and their families/support networks called 'Breast Cancer Support and Events'. Please scroll down to find this section and the helpful information within.

Keep warm, stay safe and we'll catch up again next month.

Best regards, and take care
